UNION-CURB BILL BECOMES LAW

21 Dead in Freak Floods, Blizzards, Quake, Tornadoes

By United Press

The nation counted at least 21 dead today from a freak 24-hour combination of flash floods, blizzards and tornadoes. *The San Francisco area was shaken by an earthquake.* Two Nebraska flash floods accounted for 13 of the dead and more than $1,000,000 in property damage.

About 35 persons still were missing in Cambridge, Neb., where a 12 foot wall of water roared down from Medicine creek and the Republican river at 5 a.m. yesterday. Eleven persons were listed as dead.

A tourist camp where 35 persons lived on the banks of the Medicine creek was washed away without a trace.

Nine vitims of the flood have been identified and two other bodies have been recovered from the slime which remained when the water receded.

Expect Total to Mount

H. E. Robinson, bureau of reclamation engineer, said, "we won't be able to get a complete check of the dead until sometime today, but I expect the total to mount. Meantime, the citizens already have begun the grim task of cleaning up the wreckage."

At the crest of the flood water was twelve feet deep in the lower part of town and not a spot in the community was less than four feet below the surface.

Auto in Creek

The other two Nebraska flood victims were drowned when their automobile plunged into Wood creek near Miller, Neb., after a bridge washed out.

Earth tremors broke windows and toppled boulders onto highways along the Monterrey bay in California yesterday. The quake rattled windows in the San Francisco-Oakland area.

3 Die, 4 Hurt, 70 Trapped in Park Blizzard

YELLOWSTONE NATIONAL PARK, Wyo., June 23 (AP)—Lights from a tiny trailer were "something out of heaven" to one of 70 summer vacationists seeking refuge from a howling week-end blizzard which trapped them on a barren mountain pass, killing three persons and injuring at least four others.

And when Bob Helm of Missoula, Mont., member of a volunteer patrol of ex-army ski troopers, reached the drift-covered trailer, owned by a Dr. Engleberg of Sacramento, Calif., he found 17 persons, nine of them children, huddled around its tiny stove for warmth "exceedingly happy to see us."

Cars Trapped

Other persons, dug out of trapped cars by the patrol and national park service crews operating huge snowplows, were carried to safety on toboggans and then autos after more than 24 borrowing hours.

national park road crew died of suffocation Saturday night when their truck was buried in a six-foot drift of snow piled up by a sudden blizzard.

A tornado ripped across northwestern Kansas and swept into Nebraska. It left one dead, three injured, and at least six farm houses demolished. Communications were wrecked.

Burley Police Hold Suspect In 'Homicide'

BURLEY, June 23—Burley police were holding one suspect in the Burley jail for questioning in connection with the bludgeoning to death of William Cavanaugh, 50-year old Burley printer who was found dying on the doorsteps of the Atomic club early Friday morning.

Chief of Police Bill Williams said the suspect was staying voluntarily in the jail and that no charges had been filed against him.

Inquest "Probable"

Williams said an inquest "probably will be held early this week." The inquest has not definitely been called yet by Coroner Vern B. McCulloch, Williams stated.

Samples of Cavanaugh's blood have been sent to Boise to the department of public health for examination.

Found Friday

Cavanaugh was found about 12:15 a. m. Friday at the doorstep of the Atomic club on Burley's main street. He was rushed to the Cottage hospital but died shortly afterward.

McCulloch attributed the death to cerebral hemorrhage from a blow on the right temple from an unidentified person. The death was termed a [illegible] accident."

Driver Pleads Not Guilty to Manslaughter

BURLEY, June 23—Dee Bullock, Rupert, entered a plea of not guilty to involuntary manslaughter charges when he appeared before Probate Judge Henry W. Tucker this morning.

He requested a preliminary hearing which was set for 10 a.m. Wednesday.

Bullock's bail was continued at $2,000 by Judge Tucker. He was remanded to the custody of the sheriff.

Bullock is charged with involuntary manslaughter emanating from the death of William O. Lyons, 59-year-old Burley man who was struck June 12 by a car driven by Bullock. Lyons died last Friday morning from injuries sustained in the accident.

The Rupert man previously had paid a $100 fine for drunken driving in Judge Tucker's police court on charges filed immediately following the accident.

[illegible] 'Undiscovered' by Tourists, Ad Parley Is Told

SUN VALLEY, June 23 (AP) — Lieut.-Gov. Donald S. Whitehead said today "we are proud of the natural resources and achievements of our state" but "Idaho still remains comparatively undiscovered as far as tourists are concerned.

In an address before the Advertising Association of the West convention here, Whitehead, past president [illegible] Ad club, said [illegible] beginning [illegible] situation." [illegible] appropriations [illegible] for advertising [illegible] And we have been [illegible] other western states who early discovered the value of the tourist [illegible]

In discussing the diversity of crop production in the state, Whitehead declared Idaho has not made a strong bid for the tourist crop as other western states have done.

Referring to the tourist trade as "potentially the most profitable of all," Whitehead said "thousands who cross our state on their way to the west coast do not tarry."

Taylor a Wreck After 'Hot-Air' Tour, Othman Tells, but So Were Listeners

By FREDERICK C. OTHMAN

WASHINGTON, June 23 (U.P.)—At three p.m. today the senate votes, if it is able, on whether to override President Truman's labor bill veto. I mean physically able. Our lawmakers are done in. They're tuckered out. One more blast of hot air and they'll topple; another sheaf of insulting telegrams and they'll crumple.

OTHMAN

Take Sen. Glen H. Taylor of Ida., who used to be a handsome troubador. When he finished eight hours and 20 minutes of denouncing those who would defy President Truman, he was a wreck. Only his curly hair looked normal; the rest of him was one deep-lined wrinkle.

So he went out and fell into bed. When he returned to the fray he looked no better. His pants were pressed, but his face resembled John Carr[illegible]ine's.

While Idaho's best-known guitarist slumbered through the dawn, Sen. Wayne Morse of Ore. was taking up where he left off. The sun had not risen when Senator Morse began to sip tea, water, milk and orange juice in that order while he delivered (by my count) 72,000 well-chosen words on the subject.

The gentleman from Oregon talked nine hours and 59 minutes with never a stop, never a chance to sit down, and only an occasional opportunity to lean on his desk.

Leaning, when a senator is filibustering, seems to be against the rules. He's got to stand up straight and suffer, or take a chance of losing the floor. Morse suffered.

The oratorical horrors which I am describing took place Saturday. Sunday the senators got not too much chance to sleep because of phone calls.

What I'm driving at in my own [illegible]ward way is that it's as rough to [illegible] to a filibuster, as to be a gentlemen who had to hear the talkathons of the Messrs. T. [illegible]lor, Morse, James E. Murray of Mont., and others, in the main are elderly. It is difficult for them to sleep sitting up, particularly when somebody is shouting at 'em.

So it was that they rode today with joints a-creak and eyes [illegible]red; with mouths tasting dry as the reading clerk's journal and ears buzzing with oratory like a busted phonograph record. They tottered toward their sanctum, where the air-cooling system inevitably gives [illegible] struggle against the human generators of super-heated hot air.

2 Killed, 12 Lost, $10,000,000 Damage in Coast Harbor Blast

WILMINGTON, Calif., June 23 (AP)—At least two, and probably 14, men were dead today following a $10,000,000 ship-explosion fire—Los Angeles harbors' costliest calamity, which only fate and foresight apparently kept from becoming another "Texas City."

The 11,083-ton tanker Markay blew up with 2,940,000 gallons of fuel in a triple explosion that razed several docks and—harbor authorities said—missed igniting huge petroleum storage tanks only because of favorable winds.

Two bodies were recovered from the harbor shortly after the blasts yesterday, but searchers who boarded the stern of the still-smouldering tanker today were driven off by flames and fumes as they started a hunt for others.

The blaze—at its height visible some 12 miles at sea—required six hours to bring under control.

The harbor, since the Texas City disaster, had been alerted for just such a blast. Within moments fire equipment rolled from as far distant as downtown Los Angeles, 23 miles away, under an emergency disaster plan, and fireboats raced out from Long Beach.

As investigators began their probe today, 12 men were listed as missing, with some 30 injured, 12 sufficiently to be hospitalized.

Cause of the explosion was undetermined, but crew members charged the operating company, Keystone Shipping Company of Philadelphia, with negligence. A company agent, however, declared both "all ordinary precautions and many more" were observed.

At least 15 crew members were believed aboard the Markay, which had been loading high-octane gasoline, when the first blast split the 520-foot vessel at 2:08 a. m. yesterday. Flames leaping 200 feet or more engulfed the ship, and leaped across oil flows to the American President lines docks.

The second blast, occurred less than 20 minutes after the initial explosion. The last—and faintest—came deep in the ship's hold five hours later.

'Anti-Petrillo' Act Is Constitutional

WASHINGTON, June 23 (AP)—The supreme court today decided the Lea act—generally known as "the anti-Petrillo law"—is constitutional.

It sent the case of James C. Petrillo, head of the AFL musicians union, back to the trial court, however, for new proceedings.

The case came before the high court in the government's appeal from a Chicago court's ruling that the law is unconstitutional.

That ruling was on charges brought against Petrillo under the law.

NEW YORK, June 23—The Ubangis of Africa have given up the practice of putting those discs in their lips.

So says Howard Berry, operative for Ringling brothers and Barnum and Bailey circus, who returned from Africa yesterday. He said the circus had invited some Ubangis to join the show this autumn.

WATCHFUL

CHICAGO, June 23—The owner of a liquor store asked police yesterday to help him find the night watchman who broke out of instead of into his establishment.

The proprietor said he hired the night watchman with the understanding that he would be locked in the place from 2 a. m. closing hour until re-opening at 11 a. m.

But the watchman broke out by chopping a hole through the front door and with him went, the owner said, $600 in cash and a quantity of merchandise.

Hailey Boy, Age 5, Hurt in Fall From Automobile

HAILEY, June 23—Richard Perry, 5-year old son of Mr. and Mrs. Verli Perry, is in the Hailey clinical hospital with scalp injuries received when he fell from a moving car between Gooding and Bliss Sunday evening.

He was riding in the car with his parents, headed for Boise, when he opened the rear door of their car and fell onto the road on his head. Richard received a severe scalp wound but has regained consciousness now and was reported "improved."

He was given emergency treatment at the Gooding hospital Sunday evening and later moved to the Hailey hospital.

WOOL MESSAGE SEEN

WASHINGTON, June 23 (U.P.)—The White House said today President Truman "probably" will send a message to congress when he acts on the wool support price bill.

Labor Group Names Local Men to Jobs

POCATELLO, June 23 (AP)—Stuart Swan, Twin Falls, was elected president of the newly-formed Southeast Idaho Joint Trades and Labor council at an organization meeting yesterday.

The election of Swan, secretary of the Twin Falls Building and Trades council, was unanimous.

By-Laws Set up

The 50 delegates also set up by-laws for the council which is independent of the Idaho Federation of Labor.

The original announcement of plans to form the council had brought criticism by William Green, president of the American Federation of Labor. However, members of the new group said there had been no further word from Green.

Other Officers Named

Other new officers are S. Swanson, Pocatello, vice president; Roy D. Grow, Twin Falls, representative of the Twin Falls district; Paul Myers, Pocatello, representing the upper Snake river valley, and Paul Gregersen, Pocatello, secretary-treasurer.

August Rosqvist, one of the council's organizers, said some 76 locals have indicated they intend to join the council.

Siegel Death Laid To 'Double Cross'

BEVERLY HILLS, Calif., June 23 (AP)—Police Chief C. H. Anderson theorized today that an underworld "double cross" may have been responsible for the gangster-style killing of Benjamin (Bugsie) Siegel, 42-year-old gambler.

The chief said he had learned that Siegel suffered large losses recently at his Flamingo gambling club in Las Vegas, Nev., and "in order to make good Siegel, we believe, took a leading part in local underworld transactions and someone among his henchmen accused him of a double cross."

"I do not believe that Siegel was striped out because of anything which occurred in Las Vegas," he said.

Senate Overrides Veto of President By 68 to 25 Vote

WASHINGTON June 23 (AP)—The senate voted the Taft-Hartley labor bill into law today by overriding President Truman's veto 68 to 25. This was more than the two-thirds margin required to enact the hotly-contested curbs on labor unions. The action was taken despite an 11th hour appeal from Mr. Truman to senate Democrats to uphold his June 20 veto and kill the measure as "dangerous legislation." Mr. Truman wrote Senator Barkley, D., Ky., just before the senate vote that he is convinced the bill will "do serious harm" to the country.

But Senators Sparkman, D., Ala., and Lucas, D., Ill., were the only senators who voted May 13 when the senate passed the bill who changed their stand today. Both voted to sustain the President's veto. They previously had voted for passage of the measure.

Senators Tobey, R., N. H., and Overton, D., La., who were absent when the senate first passed the bill, voted to override the veto.

Senator Wagner, D., N. Y., who opposed passage of the measure May 13, did not vote today, although his position was announced as opposing overriding the veto. Idaho's vote was split.

23 Democ Sustain

Twenty-two of the Democratic members voted to sustain the President; 20 to override his veto. In addition, two absent Democratic members were announced as against overriding the veto.

The split among Republicans was 46 for, three against overriding the veto.

Truman Appoints 19 To Study Help Plan

WASHINGTON, June 23 (AP)—President Truman, going part way with Republican Senator Vandenberg, called for outside help today in weighing America's foreign aid policy with this countrys' ability to pay. The Democratic chief executive designated 19 leaders of business, labor, agriculture, education and research as a "non-partisan" committee to advise him on how much help can "safely and wisely" be sent abroad. The implication was plain: That the United States may find it necessary to stem the flow of dollars, food, fuel and materials to war-damaged nations.

The "impact upon our domestic economy" of such aid is of "grave concern to every American," said Mr. Truman's announcement last night, and "merits most careful study."

Field Largely Erfest

It was equally clear that the President was making a final effort to prevent the bipartisan foreign policy from piling up in the veto-strewn wreckage of his domestic legislative program.

Mr. Truman took the words "safely and wisely" from the call Vandenberg sounded 10 days ago for a council of Democrats and Republicans to help set the limits within which this government can plan its economic help to foreign nations.

But whether Vandenberg, chairman of the senate foreign relations committee, and his Republican colleagues will be satisfied remained to be seen.

No Names Mentioned

The Michigan senator steered clear of mentioning specific candidates for the study group, but some of those close to Vandenberg let it be known they wanted former President Herbert Hoover to have a place on the council. Mr. Truman did not include him.

Hoover declared earlier this month that the United States has been "over-exporting" and cannot continue to shoulder immense overseas burdens without weakening the economy at home.

Whether all 19 members of the advisory committee would accept their assignments was not immediately known.

Arms Cooperation Needed, Marshall Informs Congress

WASHINGTON, June 23 (AP) — Secretary of State Marshall told congress today that the western hemisphere must get together on the type of arms it uses "for our own security and our own well being."

Testifying before the house foreign affairs committee on the administration's arms standardization bill, Marshall said that if the United States failed to furnish arms to the other countries in the western hemisphere, some other country would. He added:

"We may be sure that if we are not willing to assist our Latin American friends as well as Canada, in the procurement of arms, and in obtaining instruction and training for their military personnel, they will of necessity seek this help elsewhere."

Paul Will Ballot On Liquor Issue

PAUL, June 23—Paul voters will go to the polls Tuesday to decide whether or not liquor by the drink shall be served in the village. Three other Minidoka county communities already have voted against licensing the sale of liquor by the drink—Rupert, Heyburn and Minidoka.

Paul is the last Magic Valley community to vote on the liquor issue in accordance with the local option provisions of the bill which passed the state legislature last spring.

Polls will be open from 9 a. m. to 7 p. m. at the village office.

Russ to Take Part in Meet For Aid

LONDON, June 23 — [illegible] foreign ministers of [illegible] Britain and France will [illegible] Paris Friday to discuss the Marshall plan to put Europe back on its feet.

Moscow, where official publications last week attacked Secretary of State Marshall's proposals as an attempt to extend the Truman doctrine and "dollar diplomacy," announced today Soviet agreement to have V. M. Molotov meet with Britain's Ernest Bevin and France's Georges Bidault. Bidault's office announced the three would convene Friday, while in London Bevin told the house of commons:

"I hope good results will follow."

Today Was Deadline

Today had been set by Bevin and Bidault as the deadline for Moscow's answer to their invitation to a conference on the Marshall proposals—a plan which, one state department official has said, may call for $5,000,000,000 a year for several years.

Russia's note agreeing to the conference said Europe needed quick rehabilitation and that this task could be helped by the United States, "whose production potentialities, far from declining, increased during the war."

Welcomes Promptness

Bevin told the house of commons he welcomed Russia's "prompt reply." He added:

"The Soviet government agrees that the primary problem of European countries at present is the quickest possible reconstruction and further development of their national economy which has been destroyed by the war."

Judge's Brother Dies

LOGAN, Utah, June 23 (AP)—Funeral services will be held tomorrow at noon for Dr. David Clare Straley, 73, a leader in Utah medical circles who died at his home at midnight Saturday after a long illness. He was a native of Paris, Ida.

He was president of the Utah board of medical examiners from 1908 to 1921. Among his [illegible] living brothers and sisters is Idaho Supreme Court Justice Alfred Budge, Boise.

scheduled for Friday, June 27, in Washington.

AFL President William Green said the law will "force widespread warfare" on the American industrial front. He announced an immediate campaign for its repeal, and added: "Congress has made a tragic mistake."

Provisions Told

The new law provides for government injunctions to halt national emergency strikes for at least 80 days. It also bans the closed shop and amends the Wagner act to restrict some other union activities.

The result was a major victory for the Republican-controlled congress over Mr. Truman.

The house overrode the labor bill veto last Friday, by 331 to 83, a four to one margin. This more than two-thirds of the members of congress, including many of his own party, went against Mr. Truman's wishes.

A coalition of Democrats and a few Republicans fought the bill to the last. They had delayed the vote until today with filibustering tactics during a 30-hour continuous ses-

Motorcyclist Hurt in Crash Involving Car

HAILEY, June 23—Neil Campbell, about 30, son of Mr. and Mrs. Dan Campbell, Hailey, is in the Hailey Clinical hospital in serious condition from injuries received when the motorcycle he was riding crashed into the rear end of an automobile three miles north of Hailey about 2 a. m. Sunday.

Campbell's right leg was broken above and below the knee, his jaw and nose were broken and his chin was severed almost completely. He also may have internal injuries.

Campbell rammed into the rear of a 1937 coach owned by Mrs. Nelson Bellevue, and driven by Mrs. Helen Edmondson, Hailey. The Bellevue car was believed to be turning off the road into a night club driveway when the Campbell motorcycle hit in the rear, left fender and wheel. Both parties were taken to Ketchum when the mishap occurred.

Senators Vote Union Curb Bill Into Law

(From Page One)

sion that ended Saturday night.

Before crowded galleries supporters of the bill and backers of the veto fought the ballot all over again in a three-hour period before the showdown came.

The senate action places on President Truman and his administration the enforcement of a law which he described in his veto message as "unworkable" and "a clear threat to the successful working of our democratic society."

Senator Taft, R. O., one of the authors of the measure, expressed confidence, however, that Mr. Truman will do his best to administer it.

Praises Supporters

In his letter to Barkley, senate Democratic leader, Mr. Truman praised those who had fought the bill. The letter said:

"I commend you and your associates who have fought so earnestly against this dangerous legislation. "I want you to know you have my unqualified support and it is my fervent hope, for the good of the country, that you and your colleagues will be successful in your efforts to keep this bill from becoming law."

Board Importance Cited

Taft, who played a leading part in drafting the measure, said he regards the role of the new five-member national labor relations board and its counsel of primary importance in successful administration of the proposed law.

"The president ought to appoint outstanding citizens as members of the board and to fill the counsel post, because the latter is especially important," Taft said.

He added that he assumes, without knowing anything of the President's intentions, that the three present members of the board will hold over. They are Paul M. Herzog, chairman, John M. Houston, and James J. Reynolds, jr.

No Specific Names

Taft said he has no specific names in mind for the other two places or the counsel post.

Mr. Truman complained in his veto message that the bill would "erect an unworkable administration structure for carrying out the national labor relations act."

He said the Taft-Hartley provisions would "invite conflict" between the board and its counsel, since the counsel would be charged with deciding which cases were to be heard by the board and which were to be referred to the courts.

Aged Persons Slow to Seek Financial Aid

Idaho's old people are slow to ask for assistance, it was pointed out Monday by Mrs. Winifred Smuin, local supervisor for the department of public assistance, following a district meeting conducted here.

Average age of persons requesting aid is 75 for men and 74 for women, Mrs. Smuin reported adding that old people are reluctant to ask for help.

A current increase in the number of requests for assistance was attributed to older persons being crowded from jobs by returned veterans.

Attending the district meeting held in the Idaho Power company's auditorium were representatives from offices in Lemhi, Butte, Custer, Blaine, Gooding, Camas, Lincoln, Jerome, Twin Falls, Minidoka and Cassia counties.

2 Persons Seek Permits to Build

Two applications for permits to build were filed in the office of the city clerk Monday.

One-family dwellings with an estimated cost of $4,000 are planned by W. Montooth on Fourth avenue west, and H. J. Hansen, lot 8 block 1, Suburban Park subdivision.

Montooth's plans call for a 24 by 30 frame building and Hansen plans a 24 by 28 frame building with no basement.

Solons Probe For U. S. Aim On Resources

WASHINGTON, June 23 (AP)—For many weeks now a senate subcommittee has been trying to find out if there is a national policy on natural resources; if so, what it is and whether it is the right policy.

The fact-finding group, headed by Senator Malone, R. Nev., was created by the public lands committee to gather information for the committee in administering its many-sided assignment.

Senator O'Mahoney, D. Wyo., and Senator Eston, R., Mont., have attended some meetings but mostly the burden of directing the course of the testimony has been on the broad shoulders of the former Nevada mining engineer.

Scores Questioned

He has questioned scores of departmental and agency representatives regarding their particular interest in the natural resources, their attitude toward domestic industry connection with these resources and the policy of the department or agency as it applies to the care and development of these assets.

Time after time Malone has voiced his impatience at any suggestion that the United States is a "have not" nation.

And, he says there is a thread of the "have not" theory running all through the testimony.

Ideas Questioned

He said the committee wants to find out if that idea is correct.

The staff will work up the hearing data and Malone expects to be able to report early next session the answers to two questions:

1. What can this nation produce in the way of strategic and critical materials?

2. What difference in cost exists between production in this country and abroad?"

Local Woman Gets Broken Hip in Fall

Mrs. Walter Sickfus is in the Twin Falls county general hospital with a broken hip received near Yakima, Wash., when she was returning home from Seattle, Wash.

Mrs. Sickfus was brought by ambulance Sunday from the Valley Memorial hospital, Sunnyside, Wash., where she had received temporary treatment for the injury. She turned her ankle and fell to the ground while viewing scenery west of Yakima, Mrs. Sickfus was on a trip with Mr. and Mrs. William Lindau, Murtaugh.

Wisconsin GOPs Give Dewey Edge

MADISON, Wis., June 23 (UP)—Wisconsin state GOP convention delegates today gave the edge to New York Gov. Thomas E. Dewey as their choice for the presidential nomination but supporters of Harold E. Stassen hailed the roll as showing strong support for the former Minnesota governor.

Dewey, twice chosen by Wisconsin Republicans for the White House, won 391 votes. That was only 33 more than Stassen who has made two stump appearances in the state as the only announced GOP hopeful for the nomination.

General Douglas Mac Arthur, considered a native of Wisconsin despite his Arkansas birth, placed third in the poll with 157. He was far ahead of U. S. Senators Taft and Bricker of Ohio, and Vandenberg of Michigan.

Texas City Blast Dead Are Buried

TEXAS CITY, Tex., June 23 (U.P.)—Sixty-three newly covered graves, each headstone bearing only a number, lay in neat rows in memorial cemetery today.

The unnamed dead of the April 18 disaster were at their final resting place.

An estimated crowd of 4,000 persons stood silently at the cemetery gates yesterday as the 51 hearses twisted their way along the highway from Camp Wallace near Houston where the bodies had been held in the vain hope that someone still might claim one or more of the scarred remains.

Funeral services were conducted by five Catholic, Protestant and Jewish clergymen.

Air Corps Expert Joins Staff Here

A recent addition to the staff of the local army recruiting detachment puts a stronger emphasis on air corps enlistments.

M/Sgt. Henry O. Chappell, transferred here from headquarters in Boling field, Washington, D. C., will promote the air corps recruiting program. Sergeant Chappell is a specialist in all phases of air corps assignments.

The recruiting plan, one of the most liberal ever to be offered by the army from the viewpoint of the applicant, utilizes the technical training facilities of the air forces as inducement for enlistment.

Drivers Told To Beware of Permit 'Trap'

Drivers in Twin Falls county Monday were urged by Sheriff Broda Rayborn to check driver's licenses to avoid "being caught napping" under terms of a new law passed March 6.

"Under the new law," said Rayborn, "the license expires on the first birthday anniversary of the holder after March 5, 1947. The 'Expires July 1, 1947,' stamped on many licenses has no bearing on the expiration date of the license.

"If you have had a birthday since March 5, your license has legally expired. If you have not had a birthday since March 5, your license is good until the date of your birthday."

It is possible to renew a license any time six weeks before a birthday at a cost of $1. The license of one person may be renewed by an agent on presentation of the original license, Rayborn explained.

Persons between the ages of 14 and 18 must have the signatures of both parents, if living, or their legal guardian, on their application.

Under the new law a driver's license will be good for two birthdays and a chauffeur's license will expire in one year.

Flood Waters Strike Three Million Acres

By United Press

Old man river and his family have flooded over 3,000,000 acres in a three-week spree which has submerged some of the nation's most productive farmland, a survey showed today.

U. S. army engineers, crop analysts and state officials agreed it was impossible to set a dollar and cent value on the damage done by the Mississippi and its tributaries. But they estimated "conservatively" that crop losses and property damage already totaled $159,000,000 and probably would run much higher.

20,000 Homeless

At the height of the floods, the Red Cross estimated that 20,000 persons had been made homeless. Besides the damage to homes and buildings, railroad tracks and highway bridges had been washed out in a half dozen midwestern states.

Despite the crop damage, farmers and crop experts still were optimistic over the prospects for good yields. Farmers who had been driven from their land returned almost before flood waters had receded to begin the job of replanting.

Yield Estimates Down

Nevertheless, agricultural authorities agreed that the pre-flood estimates which called for high crop yields would have to be revised downward. Most crops were two or three weeks behind in growth.

With hard work and good weather, farmers believed their yield would be high. But an early frost next fall might be disastrous, they said.

William Darrah, Shoshone, Passes

SHOSHONE, June 23—William Linzy Darrah, 71, died about midnight last night at the Twin Falls county general hospital. He had been ill in the hospital for more than a week.

He was born in 1876 in Millville, Calif., and came to Shoshone in 1896. In 1907 he was married to Ira Perry, who preceded him in death in 1941.

Mr. Darrah was a past master of the Masonic lodge at Shoshone and would have been a 50-year Mason next April.

He is survived by two brothers; Ben and Frank Darrah, Shoshone; one sister, Mrs. J. W. Adams, Red Bluff, Calif.; and several nieces and nephews. The body is at the Thompson mortuary pending funeral arrangements. Masonic services will be held and burial will be in the Shoshone cemetery.

Caravan Next Monday Will Boost Rodeo

RUPERT, June 23—Boosters of the Rupert rodeo will tour Magic Valley June 30 for the annual caravan to advertise the Rupert rodeo on July 3 and 4. The caravan will leave Rupert at 9 a. m. for the day-long trip.

Local law enforcement officers will escort the caravan on the trip that will include most Magic Valley communities. Jack Oakey, announcer for the rodeo, will give a commentary on the caravan and a hill-billy orchestra will play. Dick Griffiths a trick rider, will ride with the rodeo queen, according to Ward Woolford, chairman of the caravan.

Route of the caravan as mapped out by Sheriff Ron Hawkes, will include Hazelton, Eden, Jerome, Shoshone, Gooding, Wendell, Buhl, Filer, Twin Falls, Kimberly, Hansen, Murtaugh and Burley. The group will spend from 10 to 15 minutes in each town and will stop for an hour and one-half in Gooding for dinner.

Services Held

Graveside services for Paul Steven Childers, 14-months old son of Mr. and Mrs. Paul Childers, were conducted at the Sunset Memorial park at 2:30 p.m. Monday with the Rev. H. H. Snider, pastor of the Twin Falls Assembly of God church, officiating.

Burial was under the direction of the Reynolds funeral home.

Cruelty Charged In Divorce Case

A suit for divorce was filed with district court Monday by Annabelle Houghtaling, who charged James F. Houghtaling with extreme physical and mental cruelty.

Mr. and Mrs. Houghtaling were married in Twin Falls on April 22, 1919.

In her complaint, Mrs. Houghtaling charged that Houghtaling had made life so miserable that she was forced to leave him in November, 1937, make her own living and support two daughters, now married.

In the suit, filed for Mrs. Houghtaling by Attorney James R. Bothwell, she asked divorce action, $100 a month, $100 suit money, $250 attorney fee and permanent alimony.

MRS. JACK F. NEFZGER
(Coad photo-staff engraving)

* * * *

Marjorie Joyce Green, daughter of Mr. and Mrs. Frank C. Green, Twin Falls, became the bride of Jack Fredrick Nefzger, son of Mr. and Mrs. Merlin Nefzger, Buhl, in a nuptial ceremony performed at 7 p. m. Sunday, June 15, at the Ascension Episcopal church in Twin Falls. The Rev. E. Leslie Rolls read the single ring ceremony.

Baskets of red roses, calla lilies and carnations and tall candelabras decorated the front of the church.

For her wedding the bride chose a gown of white chiffon over satin fashioned with lace trimmed yoke, long pointed sleeves and full skirt entrain. Her fingertip veil was held in place by a tiara of pearls. She carried a white satin prayer book topped with Talisman roses.

Teala Bellini was maid of honor and wore an aqua gown with a pink tulle hat and carried a nosegay of pink and white carnations. Mary Seal and Norma Fuller were bridesmaids. They wore orchids and blue gowns with white Juliet caps and carried nosegays of sweetpeas.

The bride was given in marriage by her father. Gary Nefzger, brother of the bridegroom, served as best man. Bill Logan and Bill LeFurgey were ushers.

Soft background music for the ceremony was played by Mrs. Teala Bellini. Eileen Terry sang "O Promise Me."

Following the wedding a reception was held at the home of Mr. and Mrs. Robert Bellini. A four-tiered wedding cake topped with a miniature bride and bridegroom encircled in a bed of sweetpeas centered the reception table. Mrs. Dennis Jacoby, Independence, Mo., and Mrs. T. A. Reves, Wewoka, Okla., aunts of the bride, presided at the table.

Veda Matson was in charge of the guest book, and Cleo Hartruft and Ann Winterholer were in charge of the gift room. Music for the reception was furnished by Mrs. Bellini.

Out-of-town guests were Mr. and Mrs. Dennis Jacoby, Independence, Mo.; Mrs. T. A. Reves and daughters, Wewoka, Okla.; Charles C. Ward, Pocatello; Mr. and Mrs. Rene Berthead and son, Vancouver, Wash.; Mr. and Mrs. Floyd Martin, Nampa; Mr. and Mrs. Bill Davis, Boise; Mrs. E. Davis and son, Cleveland, O.; Mr. and Mrs. Fredrick Nefzger, Emmett; Mr. and Mrs. W. H. Madden, Hailey, and Mr. and Mrs. M. Anton Hof, Jerome.

Shoshone, Jerome Tie For SCI Loop Lead

The Shoshone Redskins Sunday removed Glenns Ferry from the unbeaten list and Filer, atop the south side division, remained the only South Central Idaho league team with a clear record.

The Redskins 8-4 triumph over Glenns Ferry threw the north side division leadership into a three-way tie with these two teams and Jerome each having four victories and one loss.

* * * *

Lee Porterfield, southpaw formerly with the Birmingham Barons of the Southern association, held Glenns Ferry to six hits, while the Redskins pounded 11 off Elliot. Kindred, Glenns Ferry centerfielder, pounded out a homer on the first pitch of the game, while T. Andreason, Shoshone, came through with a four-ply wallop with one on in the third. Porterfield and Brown hit triples for Shoshone, while Hartung, Glenns Ferry, also had a three-base blow.

Shoshone iced the game with a four-run rally in the sixth frame.

R. Stanley held Wendell to two hits and fanned 16 as Jerome won, 5-1, from Wendell's improved team.

Jerry Bybee, who hurled the Castleford Wolves to the Magic Valley class B title, held Filer to five safeties but walked nine batters and as a result Filer won, 12-8. Davis made four of Castleford's 12 hits.

With Foster banging out two doubles and three singles and Bobby Long, high school southpaw, whiffing 18 batters, the Twin Falls Junior Cowboys defeated Hazelton, 16-3, and moved into a tie for second place in the south side division. Long gave up only four hits but one of them was a home run by Bodenhammer, veteran Hazelton third-sacker. Lynn Capps of the Junior Cowboys also hit for the circuit.

L. Love's home run with two on base in the fifth inning gave Murtaugh's surprising team a 5-3 victory over Rupert. Tietsworth held Rupert to five safeties.

In the other game, Hailey defeated Richfield, 12-2. Richfield made eight errors.

Blackwell Within 2 Outs of Second Straight No-Hitter

By JOE REICHLER
Associated Press Sports Writer

Tall Ewell Blackwell, Cincinnati side-arm mound artist although somewhat disappointed over his hairline failure to duplicate Johnny Vander Meer's record of pitching two consecutive no-hitters, enjoyed the distinction today of being the major league's "winningest" pitcher.

Blackwell followed his hitless and runless materpiece of June 18 against the Braves with another brilliant pitching performance against the Dodgers Sunday. He came within two putouts of another no-hit game as he retired the Dodgers in the first eight innings without a safety. He got rid of the first man to face him in the ninth. But Eddie Stanky drove a sharp ground ball past his legs into centerfield for a clean basehit to spoil his dream. Jackie Robinson followed with another single before Blackwell retired the side for a 4-0 victory in the opener of the doubleheader.

Carl Furillo walloped a home run with the bases full against righthander Elmer Riddle and hit two singles to drive in seven runs and lead the Brooks to a 9-8 victory in the second game.

The leading Braves won an 11-inning game from the Cubs, 8-7, when Dick Culler singled off Johnny Schmitz to drive in Phil Masi.

Lloyd Gearhart's 11th inning home run with Buddy Kerr on base gave the Giants a 7-5 victory over the Cardinals, ending the Red Birds' winning streak at nine games.

Catcher Yogi Berra highlighted a five-run first inning by hitting a home run with the bases loaded to lead the Yankees to a 6-5 victory over the Tigers, the Bengals' ninth straight defeat.

The Red Sox and Indians divided a doubleheader, the Indians taking the opener, 8-2, and the Bosox the second, 6-3.

Carl Scheib, the Athletics' 20-year-old righthander, won his third successive start and chalked up his second shutout by defeating the White Sox, 2-0, after the Sox had won the opener on an unearned run, 1-0, in 10 innings.

Bud Davis Upset in City Tourney; Russell Wins

Bud Davis, Idaho State college champion and former member of the University of Wisconsin golf team, fell before Charlie Pullman, 6 and 5, for the only upset in the championship flight of the city tournament at the Twin Falls municipal links Sunday. All the other matches went according to predictions.

Jimmy Russell, San Marcus college star who set a new tournament record in the medal round, the veteran Corky Carlson, Jimmy Hiskey, state interscholastic titleholder; Jimmy Sinclair, Bob Bacon and Rollo Gibbons, Jerome, the defending champion, joined Pullman in the quarter-final round.

RUSSETS RELEASE PAIR

SALT LAKE CITY, June 21 (AP)—The Idaho Falls Russets today announced the release of two players before the club left here for tonight's game with the Pilots at Boise. Dick Wilson, utility catcher, and Bill Parrish, right handed pitcher, are the two released.

Dame Fortune Turns Smiles On Bees' Club

By GEORGE F. REDMOND
Times-News Sports Editor

No, no, Nannette, it just wasn't in the cards for the Cowboys to win last night. It was the Salt Lake City Bees' night by the official decree of Old Dame Fortune.

If you were among the crowd of 2,541, which comfortably filled Jaycee park you know that the Bees won the game, 2-1, by scoring two runs in the ninth after the Cowboys had counted in the eighth during a pitching duel between the latters' Frank Logue and the formers' Bob Drilling.

But what you probably didn't know is this: After the game Bob Robb, who smacked a left field fence homer for the first of the Bees runs' in the ninth, walked up to a slot machine and pulled out $105; Drilling, the winning hurler, stepped over to a punchboard and walked away with a $125 rifle; another Bee hit a $20 jackpot and a short time later two other Salt Lake players won rifles. And then, to top it all off, Ted Saverese, the popular little Bee southpaw who will hurl tonight, tapped another "slot" for just $250.

Prowse Hurls Tonight

But that was last night. Tonight the pendulum of fate may swing Cowboy-ward and allow them to win the series, two games to one. Much of that decision will be in the hands of Frank Prowse, who will endeavor to become the third Pioneer hurler to win eight games this season.

The defeat dropped the Cowboys into fourth place, five games off the pace. Idaho Falls stayed three and one-half games behind the Bees by downing Boise, 6-5, while Ogden won it night game with Pocatello, 10-5, after losing in the afternoon, 5-4.

The Cowboys got seven hits, two of them doubled by Will McElroy and Chuck Balassi, off Drilling, who did not walk a batter. Although they got the first man on in five of the nine frames they could get one around the paths in only one—the eighth. In that frame, Balassi led off with a double to center-field. Ernie Marlow and Elmer Clow fanned but Logue justified Manager Earl Bolyard's faith by singling to center to score Balassi.

Robb Snails Curve

Logue got Mike Dalton on a fly to Balassi in the ninth, but Robb lifted a curve ball waist high over the left field wall to tie the score. That unsettled Logue, who had only given up five hits, and he walked Rymer for the third time. Brocker singled just to the right of shortstop Hal Loewe, sending Rymer to third. Hal Danielson had Rymer off third when Drilling missed the ball on an attempted squeeze bunt but the little backstop threw past third, allowing Rymer to score.

Jack Radtke, first up in the Cowboys' half of the ninth, singled, but Danielson forced him at second and McElroy hit into a double-play when Jacinto at third came up with his hard grounder.

New Girls' Softball Loop Will Begin Play Tonight

A girls' softball league has been formed here with seven teams entered, Kyle Waite, city recreation director, announced last night. Games will be played on Monday and Wednesday nights.

Meanwhile, the men's circuit continued play with Russ Wells' Detweilers giving evidence that they'll be the team to beat for the championship in that league. With Starns hurling the Detweilers defeated the Riser-Cains, 8-1, although they had trouble hitting Shafer, the Riser-Cain pitcher.

Harry Bade pitched Orange Transportation to a 7-3 victory over the Selfs. Block was the Self's hurler. Storey hit a home run with one man on base for the Oranges. In another game, the IOOF nosed out the Beangrowers, 17-16.

The week's schedule in the girls' and men's circuits:

NAMPA, June 23 (AP)—The first of some 80 feminine golfers entered in the Idaho women's amateur open golf tournament teed off today for practice rounds.

Qualifying rounds of 18 holes are set for tomorrow, and first round matches and semi-final play are slated for succeeding days. Final matches in all flights and the championship playoffs will be held Friday.

The defending champion is Mrs. Helen Gorley, Idaho Falls.

Other entrants include Mrs. Hazel Morton, Boise; Mrs. Helen Prilucek and Rose Olmquist, both of Buhl; Rosemary Meehan, Lewiston; Susan Grasser and Mae Cox, both of Pocatello; Dorothy Watts, Caldwell, and Peggy Turner, Boise.

One Ex-Champ in PGA Semi-Finals

DETROIT, June 23 (AP) — Three sweet-swatting golf pros rode into the semi-finals of the national open PGA championship here today along with ex-champion Vic Ghezzi, former caddy who beat Byron Nelson in the 1941 finals at Denver.

Two of the pros competing for the second time in the PGA are Melvin (Chick) Harbert, Jim Ferrier and Art Bell.

Ghezzi slapped down the national open champion, Lew Worsham, 3 and 2, for his fourth and closest match play triumph here to collide in the lower-bracket semi-windup with Harbert, the fair-haired favorite of the big gallery in his 2 up victory over Leland, Kansas City, Mo.

Bell staved off a rousing rally by Ky Laffoon to win his quarter-final battle, 2 up, and move into an all-California semi-final struggle against Ferrier, who tripped 1946 national open champion Lloyd Mangrum, 4 and 3.

Cattle—Unevenly 50 cents higher to 50 cents lower; top $29.35.

NEW YORK, June 23 (AP)—Stocks continued to make headway on a selective basis today but profit cashing on the recent climb kept many leaders in a narrow range.

Slow dealings ruled after a moderately active opening. The direction was cloudy until the approach of the final hour when buying confidence reasserted itself and trends stiffened. The pace quickened for an interval but subsequent quiet periods were plentiful. Extreme gains of fractions to 2 points or so were trimmed in the majority of cases at the close and there was a smattering of declines among pivotals. Transfers were in the neighborhood of 800,000 shares.

Chrysler touched a new 1947 top after an early dip.

Railway bonds improved.

Senate Hikes Naval Budget $176,500,000

WASHINGTON, June 23 (UP) — The senate appropriations committee in a move to assure a "powerful, well-balanced, fighting fleet," today restored $176,500,000 of the $377,500,000 which the house cut out of naval requests for fiscal 1948.

The committee did, however, make further revisions in past appropriations. This reduced over—all expenditure estimates for the navy to $4,105,700,000 for the year beginning July 1. This compared with the navy's original estimate of $4,510,000,000 and the house figure of $4,136,000,000.

Construction Cut

Sen. Leverett Saltonstall, R., Mass., chairman of the naval appropriations subcommittee, said most of the revisions would cut down construction, while increases in new expenditures would go chiefly for personnel.

"We are giving the navy in ships and men virtually what the administration asked for, and fulfilling the naval requests substantially as for airplanes and the reserve program," Saltonstall said.

Adds to Personnel

The navy allotment would permit an average of 43,000 officers and 395,000 men, as compared to 42,000 officers and 355,000 men under the house bill.

The senate committee recommendation would permit operation of 293 cambatant ships. The house allowed for 269.

Scouters to Air Council Camping Plans at Burley

Summer camping plans will be discussed at a meeting of the Snake river area Boy Scout council at 7:15 p. m. Wednesday at the National hotel coffee shop in Burley.

J. A. Keith, Shoshone, district camping chairman, will lead a discussion on the summer camping program for the area. The Burley meeting will be the last council session until September.

Construction work on the Boardman creek camp north of Fairfield will be discussed. Plans call for a swimming pool and general recreation area for the Scouts. Another phase of the Scout camp program is the Alturas lake camp trips and the Senior Scout wilderness pack trip into the Stanley basin country. Frank L. Cook, Twin Falls, council president, will be in charge of the meeting.

District's Moose Pick Rupert Man

RUPERT, June 23 — Charles Jones, Rupert, was elected noble north Moose at the Moose legion district meeting in Rupert Sunday. He will succeed Guy Humphrey, Jerome.

Other officers selected are Fred Ambrose, south Moose; Cecil Harris, Buhl, east Moose; Paul Pouilgnot, west Moose; Frank Tedivig, Buhl treasurer; Charles Pine, Jerome, secretary; Roy Fenton, Rupert, guiding Moose; J. F. Bell, Rupert, inner guard, and A. R. Haberman, Jerome, argus.

Principal speaker at the meeting, attended by 69 Magic Valley persons, was Fred Young, Pocatello. Young and Ben Auschslager, Pocatello, conducted the installation and officiated at the installation ceremony of a class of candidates.

Toastmaster of the banquet was Edward Elwood, Rupert.

Public Library Gets Scrapbook Started in 1904

Activities in Magic Valley since 1904 are included in an interesting scrapbook compiled by the late W. H. Eldridge, one-time mayor of Twin Falls and pioneer businessman in this area. The scrapbook has been donated to the Twin Falls public library by Mrs. Eldridge.

In making the presentation to the library, Mrs. Eldridge expressed the desire that the book be made available to people who are interested in the history and people of Twin Falls during the growth of the city.

All material in the scrapbook was collected from newspapers, pamphlets and other publications in the period covering more than 40 years.

One item of interest in the scrapbook is a booklet bearing the date 1910 which proclaims Twin Falls as "The Magic City."

Well Known Man Felt Like Swollen Balloon; Full of Stomach Gas

Recently, a well known man stated that he used to feel like a swollen balloon after every meal. He would bloat full of gas and spit up acidulous liquids for hours after eating. Was terribly constipated. This man is one of the hundreds in this vicinity who now praise INNER-AID. He states he was amazed at the results when he took this medicine. Now he eats what he wants without gas or bolating, and bowels are regular for the first time in years. He feels like a new man.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores. Adv.

BLAME YOUR DEALER
FOR THE SCARCITY
AND HIGH PRICES OF
AUTOMOBILES
HE DOESN'T
MAKE CARS AND HE
DOESN'T MAKE PRICES

THE FACTORIES BUILD THE CARS AND THEY ARE DOING THE BEST THEY CAN, BUT PRODUCTION IS PITIFULLY SHORT OF DEMAND ALMOST WITHOUT EXCEPTION THE DEALERS ARE DOING AN HONEST AND COMPETITIVE JOB OF DELIVERING WHAT FEW NEW CARS THEY GET TO CUSTOMERS AT LEGITIMATE PRICES.

ONCE A CAR GETS INTO THE CHANNELS OF TRADE THE OLD LAW OF SUPPLY AND DEMAND TAKES OVER AND IT IS WORTH WHAT ANYONE IS WILLING TO PAY FOR IT.

THAT IS ONE LAW—YOU MAY DEPEND ON IT—THAT WILL ALWAYS BE ENFORCED.

WE WILL BE JUST AS HAPPY AS YOU WHEN THERE ARE ENOUGH NEW CARS TO GO AROUND, BUT UNTIL THEN—AND IT IS NOT IN SIGHT—ANYONE IS WILLING TO PAY FOR IT.

THAT IS ONE LAW—YOU MAY DEPEND ON IT—THAT WILL ALWAYS BE ENFORCED.

WE WILL BE JUST AS HAPPY AS YOU WHEN THERE ARE ENOUGH NEW CARS TO GO AROUND, BUT UNTIL THEN—AND IT IS NOT IN SIGHT—THAT A VERY COMPETITIVE MARKET HAS TO OFFER!

Discarded GI 'Wish Books' Aid Business

CHICAGO, June 23 (U.P.)—The GI left behind one item "over there" which is puffing up business in America.

The mail order catalogue.

Uncle Sam's fighting man was lonesome. So the war department sort of tongue in cheek, asked the mail order houses to ship some catalogues to overseas library services. The order-by-mail people did.

The homesick kids wore the things dog-eared, from ladies' wear to the harness section. Sometimes they filled in order blanks and sent mom, sis, or honeybubble a little trinket.

Left Behind

When the GI packed his duffle-bag and took the boat for home, naturally he left the catalogue behind.

Well, apparently, the natives found the thick books interesting "looking."

Sears Roebuck and Company of Chicago, for one, has been swamped with orders from Guadalcanal, Manila, Tokyo, Hong Kong, Rome, Bremen—etc.

It is no surprise that people from the war-ravaged countries order things they can't get at home.

Half Dozen Dresses

A lady from Lukvit, Bulgaria, wanted half a dozen cotton dresses. A woman from Lusigny, France, ordered "the latest in corsets."

Shoes are in great demand, as are men's suit and shirts—"any size." Hip boots, phonographs, radios, writing papers, pens.

What stumped the mail order people more than any other order was a letter from a man from "way over there" who wanted a pad for an Arabian pony who had developed a "saddle sore."

They haven't answered that one yet.

Annual U. S. coal production tonnage is normally 20 times that of wheat and seven times that of corn.

A consolidation on Feb. 16, 1942, of the Idaho Evening Times established in 1903 and the Twin Falls News established in 1904.

Published daily and Sunday at 130 Second Street West, Twin Falls, Idaho, by the Times-News Publishing Company.

Entered as second class mail matter April 3, 1918, at the post office in Twin Falls, Idaho, under the act of March 3, 1879.

Girl Fatally Hurt By Landing Plane

ST. GEORGE, Utah, June 23 (U.P.) Faulty landing brakes that let a speeding airplane crash into a row of parked cars were blamed today for the death Sunday of 16-year-old Dolores Woodbury of St. George.

Dolores was seated in one of the cars when aviatrix Bernardine Lewis King landed her fast plane after finishing her part in an air show.

The brakes on Miss King's speedy craft failed and the ship sped toward the parked cars.

Most of the spectators got out of the way in time. But Miss Woodbury was caught as she was going out a car door and her neck was broken. She died a half hour later.

Miss King was slightly injured.

Laundry Drivers Conduct Banquet

GLENNS FERRY, June 23—Plans for the coming year were outlined at a quarterly sales meeting of Diamond Industrial laundry drivers here recently.

Out-of-town guests for the banquet and social gathering were Mrs. Roy Marnoch, King Hill; R. M. Kulm, Jerome; Mr. and Mrs. O. Smith, Boise; Mr. and Mrs. W. Duncan, Payette; James V. Forbes, Portland, Ore., and Mrs. Bessie Benner, North Hollywood, Calif.

Check Slated

RUPERT, June 23—Lloyd Young, representative of the Twin Falls social security office, will be in Rupert the third Wednesday of each month to check with social security plans, he announced.

Balsa wood, similar to that used to construct model airplanes, is now being adapted to crates for air freight shipments.

Harriman Avers U. S. Must Give, But Keep 'Firm'

SUN VALLEY, June 23 (AP) — Contending that Russia is a nation "directed by a few supermen," Secretary of Commerce W. Averell Harriman believes the United States should adhere closely to two policies.

"We must stick firmly to principles of the charter of the United Nations, and we must extend a friendly hand to Russia if Russia will deal with us on the basis of these fundamental principles," he said in an address yesterday.

Harriman spoke at the closing session of the Idaho Potato and Onion Shippers association.

"We must view Russia on a balanced basis," he said. "We must not overemphasize Russia's weakness or strength. Russia cannot dominate the world if we remain physically and spiritually strong.

"We have a tough proposition to face. Our desire for a peaceful world can only be realized if we are willing to make the necessary sacrifice.

"There is no doubt about our strength. We are the first nation in history to become the leading nation in the world without seeking it."

Author Attacker Dead; Hung Self

BAR HARBOR, Me., June 23 (U.P.) Medical Examiner E. J. Johnson said today Blas Reyes, 60, Filipino chef who hanged himself in his jail cell a few hours after he attempted to shoot and stab novelist Mary Roberts Reinhart, was temporarily insane.

Police found Reye's body dangling from his cell door early yesterday. He had fashioned a noose from his clothing.

Police Chief George Abbott also said Reyes was insane when he attacked Mrs. Reinhart Saturday. The attack failed only because the pistol he used misfired twice. He then lunged at the novelist with a knife but she dodged and the crazed cook was subdued by the chauffeur, Theodore Falkenstrom.

Traffic Fines

Payment of 12 more over-time parking fines and three fines for parking in the postoffice zone has been made in Twin Falls city traffic court.

Paying $2 fines for parking in the postoffice zone were W. Ramjue, Walter M. Prince and Richard E. Wheeler.

Paying $1 overtime parking fines were R. Reynolds, Floyd Boyd, Mrs. L. M. Burgoyne, G. W. Winkland, Mrs. C. J. Kelley, Mrs. Truman Clark, C. E. Grieve, Lemar Hewlett, C. W. Pullman, A. J. Meyers, Richard Wilson and Frank Rider.

BACK FROM CALIFORNIA

ALBION, June 23 — Mrs. Eva Ramme and granddaughter have returned to Albion after spending the winter in California with Mrs. Ramme's children.

Wendell School Teachers Resign

WENDELL, June 23—Several Wendell teachers recently submitted their resignation to Supt. H. S. Lamb, including Keith Brimhall who will become superintendent of schools at Hazelton.

Brimhall, principal and music instructor for the past four years, will leave with his family soon.

Other teachers leaving are Ethel Zeller, who has been on the Wendell staff for the past five years and who will teach in Jerome next fall; Mrs. Thelma White, first grade teacher; Mr. Tryth Wilkey, sixth grade; Jean Mahaffey and Mrs. Rose Hathaway.

In which we explore Indian Country with Chevron Supreme

This picturesque Southwest panorama is one of the full-color Scenic Views obtained wherever you get Chevron Supreme

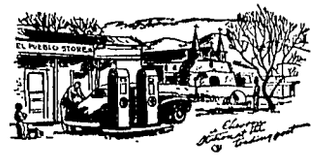

Highway sketch pad

THIS IS INDIAN COUNTRY ... LAND OF GHOSTS AND PRANKISH NATURE. In Monument Valley, where forgotten waters and patient winds have carved symphonies in stone, I sketched this Navajo woman weaving a blanket as colorful as the country. It's lonesome, and off the highway, but good driving with "climate-tailored" Chevron Supreme Gasoline in the tank.

Coronado, searching for the seven cities of Cibola, probably marvelled at these 40-foot desert giants. Elf owls and woodpeckers nest in the saguaro cactus, delicate flowers tip their tortured branches in the Spring.

Sketched this ancient adobe church in the Indian village of Isleta. The car was heating up until the Chevron man at the Trading Post put in a new fan belt. Hot here, but no vapor-lock trouble, thanks to Chevron Supreme premium gasoline. It's tailored to suit local driving conditions in each temperature zone.

This ancient, colorful land is full of surprising things to see. I enjoyed every mile of it...and some of the credit belongs to Chevron Supreme. For though the mountains are high, so is Chevron Supreme's octane rating, and I didn't hear a ping on the trip.

It's good going on CHEVRON SUPREME GASOLINE
